

To. Stéphane LAVIROTTE  
University of Nice Sophia Antipolis, France

On behalf of the Smart Water Grid Research Group, we take great pleasure in inviting you to attend the Smart Water Grid International Conference 2015 (SWGIC 2015), which will be held on 27 – 28 October, 2015, at the Incheon National University, South Korea.

In the recent past years we could see how the ICT and Water Industry have been growing and converging its knowledge leading to a new driving force in the industry. As a result, we decided to hold another International Conference to provide the platform for the new upcoming ideas.

The SWGIC 2015 has the purpose to create an open field where the knowledge of the experts can widen the horizon of the platform. It's an opportunity to interact, communicate and share advanced technology from all over the world and propose new solutions for the problems related to the water field, climate change etc.

The conference will definitely provide new insights for the Integrated Water Resource Management, ICT, Smart Water Management Standardization and so on. Experts from all over the world will attend and carry presentations where they will report their latest innovative work.

As some of you may know, Songdo City was designed as a low-carbon, eco-friendly city. It's the perfect location to enjoy its abundant green areas but also its high-technology management systems. It hosts a rapidly growing international community. It has an outstanding public security, so the participants will enjoy a safe traveling and visiting environment

We gratefully arrange this 3<sup>rd</sup> SWGIC and we would hereby like to extend our invitation to you for participating. Please kindly confirm your participation and we will let you know as soon as possible the facilities that we are providing.

We are looking forward for your reply. Thank you very much for your time and consideration.

Sincerely,  
Managing Director of SWG Research Group  
Conference Chairman of SWGIC 2015

*Kyung-taek, Yum*

2015 The SMART Water Grid International Conference

**Date :**

October 27<sup>th</sup> (Tue) – 28<sup>th</sup> (Wed), 2015

**Venue :**

Sondo Convensia, Incheon, S.Korea

**Conference Themes :**

- Part 1. Smart technology for IWRM(Integrated Water Resources Management)
- Part 2. State-of-art technology for Smart Water Management
- Part 3. Smart Water Grid Standardization
- Part 4. Implementation and Evaluation of Smart Water Grid
- Part 5. Global Water Market & Industry

**Time Tale**

Time	27th October (Tue)					
9:00~10:00	Registration					Poster
10:00~10:30	Opening Ceremony					
10:30~10:40	Break					
10:40~12:40	Plenary Session New Paradigm for Smart Water Management					Poster
12:40~13:40	Lunch					
13:50~15:50	Smart technology for IWRM	State-of-art technology for SWM	Global Water Market & Industry	Implementation and Evaluation of SWG	WBF -SWGICN-	Poster
15:50~16:00	Coffee Break					
16:00~18:00	Smart technology for IWRM	State-of-art technology for SWM	SWG Standardization	Implementation and Evaluation of SWG	WBF	Poster
18:00~20:00	Welcome Reception					
Time	28th October (Wed)					
9:00~10:30	Special Session State of the art technology in Global water market					
10:30~12:30	Smart technology for IWRM	State-of-art technology for SWM	WBF		Poster	
12:30~13:00	Closing Ceremony & Best Paper Awarding					
13:00~14:00	Lunch					
14:00~18:00	Technical Tour and Incheon Tour
